

December 10, 2018

Pro-Line Construction Materials LTD. being the #1 Roofing, Insulation, Waterproofing and Wall system supplier in B.C and Alberta is proud to announce the completion of a new distribution agreement with DowDuPont. Both companies being leaders in their fields and the having the ability to offer the best products and service make this partnership extremely valuable to our Customers.

"To have the Dow product line gives us access to the leaders in the market for Rigid Foam and the ability to offer our Contractors the highest quality products at the most competitive prices. This fits directly with the Pro-Line Advantage." – Andy Mrak

Pro-Line's goal is to ensure we continue to "build our reputation on service". This partnership helps to further this goal and continues to promote our quality products, service and people.

For more information on the Dow or any other products please contact our Sales offices at any of our 8 branches in B.C. and Alberta.

Our Mission:

"To provide quality products and great service to our business partners, with the goal of enhancing our businesses through open and honest relationships."
